

10 Teves 5781/ 24th December 2020

OFFICE OF THE CHIEF RABBI
of
THE FEDERAL REPUBLIC OF LOSTISLAND

To the Holy Jewish Community of Lostisland,

Over the last 12 months the world has seen events and changes that nobody could foresee! The Corona Virus has paralyzed the world, causing poverty, suffering, sickness and death to millions of people around the globe!

Sadly, the Jewish communities weren't spared and we lost many of our Jewish brothers and sisters, to this terrible disease!

During these challenging times, we have put our faith in Hashem, knowing that He will take care of His People, the other Nations, and bring us a cure!

Through his Grace and Mercy, Hashem has given wisdom to Men to develop a vaccine against Covid-19!

This vaccine should be seen as a gift from Heaven, a potential mean to bring an end to the Pandemic and, especially, the suffering and death of human lives!

The Torah commands us to safeguard our health and to do everything possible to protect and safe lives!

The Gedoley Yisroel recommended, after consultations with health professionals, for every Jew to get vaccinated.

As such, I therefore issue a Psak (ruling) to the G-d fearing Jews of the Federal Republic of Lostisland, that it is a duty to listen and follow the words of our Torah Sages, and go to get vaccinated against Covid-19!

Those following the instructions of our Sages, will surely be rewarded for it, in this and the World to come!

May our obedience to the Holy Torah and our Gedoley Yisroel, bring a swift end to the pandemic and allow us to serve HaKadosh BaruchHu in good health, until the Era of Mashiach.

Brocho and Hatzlocho,

Rabbi M. M. Linhart

Chief Rabbi of the Federal Republic of Lostisland
